

Our family of Quick Connect/Disconnect adapters

Xtend Connect Prime

The Xtend Connect Prime is a prosthetic adapter with numerous application possibilities and combinations. Double safety by virtue of the locking wheel as well as a redundant safety button. Waterproof in fresh, salt and pool water. Maximum weight 330 lbs.

Xtend Connect Shape

The Xtend Connect Shape is a prosthetic adapter designed to be installed within a cosmetic cover, though it functions just as effectively without one. Disconnect nearly instantaneously with dual-button control, which makes it safe and reliable. Maximum weight 220 lbs.

Our Founder

Christoffer Lindhe is a triple amputee, a former Paralympian swimmer and founder of Lindhe Xtend.

At the age of 17, Christoffer lost both his legs and his left arm in a train accident and is using his own experience as an end-user to change day-to-day life for himself as well as for other amputees.

Who we are

Lindhe Xtend is an innovative Swedish manufacturer with a vision of enhancing the lives of end-users by providing well-designed prosthetic devices. Being able to move around freely and easily gives the user an enhanced quality of life, and makes it possible to handle more of life's daily situations. Development of the prosthetics is done in close cooperation with the user, with the motto: "Xtend your life".
